WHEREAS, pursuant to Section 558 of the New York City Charter (the “Charter”), the Board of Health may embrace in the Health Code all matters and subjects to which the power and authority of the Department of Health and Mental Hygiene (the “Department”) extends; and

WHEREAS, pursuant to Section 556 of the Charter and Section 3.01(c) of the Health Code, the Department is authorized to supervise the control of communicable diseases and conditions hazardous to life and health and take such actions as may be necessary to assure the maintenance of the protection of public health; and

WHEREAS, the U.S. Centers for Disease Control and Prevention (“CDC”) reports that new variants of COVID-19, identified as “variants of concern” have emerged in the United States, and some of these new variants which currently account for the majority of COVID-19 cases sequenced in New York City, are more transmissible than earlier variants; and

WHEREAS, the CDC has stated that vaccination is an effective tool to prevent the spread of COVID-19 and benefits both vaccine recipients and those they come into contact with, including persons who for reasons of age, health, or other conditions cannot themselves be vaccinated; and

WHEREAS, the CDC has recommended that school teachers and staff be “vaccinated as soon as possible” because vaccination is “the most critical strategy to help schools safely resume full operations [and] is the leading public health prevention strategy to end the COVID-19 pandemic;” and

WHEREAS, on September 9, 2021, President Joseph Biden announced that staff who work in Head Start programs and in schools run by the Bureau of Indian Affairs and Department of Defense will be required to be vaccinated in order to implement the CDC’s recommendations; and

WHEREAS, on August 26, 2021, New York State Department of Health adopted emergency regulations requiring staff of inpatient hospitals and nursing homes to receive the first dose of a vaccine by September 27, 2021, and staff of diagnostic and treatment centers, hospices, home care and adult care facilities to receive the first dose of a vaccine by October 7, 2021; and

WHEREAS, Section 17-104 of the Administrative Code of the City of New York directs the Department to adopt prompt and effective measures to prevent the communication of infectious diseases such as COVID-19, and in accordance with Section 17-109(b), the Department may adopt

vaccination measures to effectively prevent the spread of communicable diseases; and

WHEREAS, the City is committed to safe, in-person learning in all pre-school to grade 12 schools, following public health science; and

WHEREAS the New York City Department of Education (“DOE”) serves approximately 1 million students across the City, including students in the communities that have been disproportionately affected by the COVID-19 pandemic and students who are too young to be eligible to be vaccinated; and

WHEREAS, a system of vaccination for individuals working in school settings, including DOE buildings and charter school buildings, will potentially save lives, protect public health, and promote public safety; and

WHEREAS, pursuant to Section 3.01(d) of the Health Code, I am authorized to issue orders and take actions that I deem necessary for the health and safety of the City and its residents when urgent public health action is necessary to protect the public health against an existing threat and a public health emergency has been declared pursuant to such section; and

WHEREAS, on August 24, 2021, I issued an order requiring COVID-19 vaccination for DOE employees, contractors, and others who work in-person in a DOE school setting or DOE building, which was amended on September 12, 2021; and

WHEREAS, unvaccinated visitors to public school settings could spread COVID-19 to students and such individuals are often present in public school settings and DOE buildings;
